HARASSMENT AND BULLYING POLICY

RATIONALE

Definition

Harassment and bullying is any spoken written or physical behaviour which is unwelcome and offensive – regardless of the offender’s intention.

Everyone has the right to feel safe; offenders also have the right to be informed when their actions are regarded as offensive. Harassment and bullying can occur on the basis of race, religion, political affiliation, ethnic background, disability, ability, appearance or sex and can take place between students, students and staff or between staff. Harassment or bullying of any kind is a breach of our Welfare and Discipline Policy and against the principles set out in our School Charter.
